<https://zoom.us/j/746265330>

November 8

High School Term 1 Ends

November 11

Remembrance Day—No School

November 11

High School Term 2 Begins

November 14

High School Term 1 Report Cards Published

PRINCIPAL'S MESSAGE

Dear WCAS Families and Students,

I hope that this Fall season is going well for each of you. I am enjoying the sunshine, but the air is getting colder, and we are almost one quarter of the way through the school year. Can you believe it? I hope that you all are having lots of fun learning and being challenged by new ideas.

I especially love October and November, because we celebrate two important holidays that are all about being thankful: In October, we have Thanksgiving, and then, in the middle of November, we observe Remembrance Day. November 11 is an important date in Canada. At this time, we think about the many wars that have been fought and the many soldiers who have given their lives for the sake of freedom. Jesus has a lot to say about sacrificial love. Consider His words in John 15:3:

“Greater love has no one than this: to lay down one's life for one's friends.”

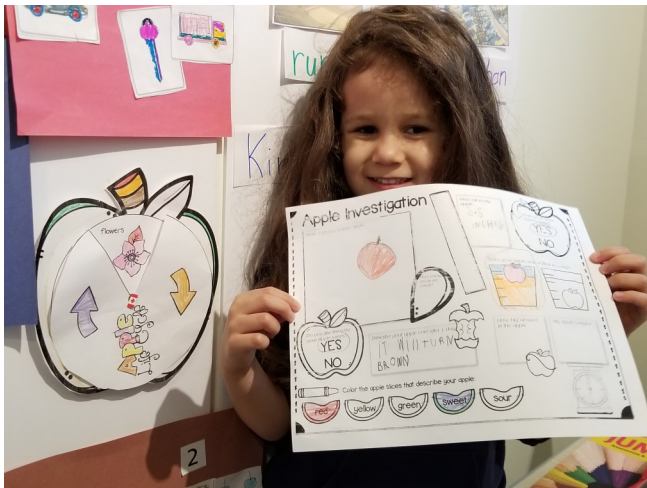

Remembrance Day is a solemn time, but it is also a happy one, too. When we gather on November 6 for General Assembly, we will take the opportunity to pause and be grateful for the wonderful country that we live in, and the many soldiers and other community helpers who have, and still do, protect our freedoms, along with the human rights of those who are disadvantaged or at risk all over the world.

—Mrs. Kartik

SHOUT OUT

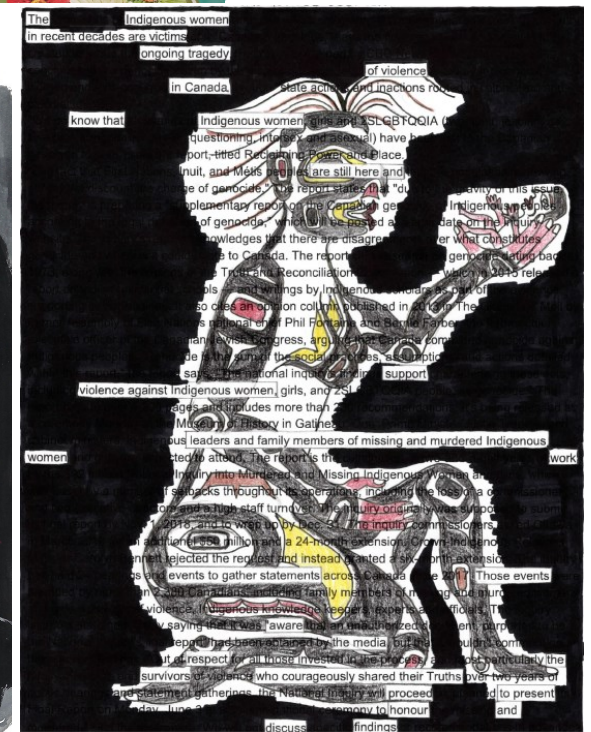

West Coast Adventist School

Let's celebrate some amazing examples of WCAS student learning!

Kindergarten students Amy (left) and Hope (right) have done some pretty amazing work showing the growing process of an apple! Great colouring, too!

Look at the amazing Blackout Poetry that Sarah (left) and Alana (right) created for Grade 11 English! This poetry is to bring awareness to the missing and murdered Indigenous women of Canada. Thank you for using your talents to bring light to such an important issue!

SHOUT OUT

West Coast Adventist School

Let's celebrate some amazing
examples of WCAS student learning!

Check out what talented
artist and WCAS Grade 7
student, Chanel, has
been up to! Simply
amazing!

This is João in Kindergarten. He did an
exciting experiment in Science in which
he figured out what substances oxidize
apples the fastest. Isn't it great how we
can learn about Science just from
making observations about the world
around us? Good job, João!

We want to celebrate learning with you! If you have
exciting things you would like to share with the WCAS
community about your child's learning, please make a
picture submission to principal@wcasdl.ca
