

WEST COAST FINANCIAL AGREEMENT

Adventist School

WCAS financial plan is provided to offset the cost of what would normally be provided to a student who is in a regular school program. Under that general guideline, WCAS will cover the costs of learning materials necessary for the implementation of the student-learning plan.

Costs include:

- 1) Paper-based and/or computer-based learning resources
- 2) Administration materials (teacher guides, etc.)
- 3) Lessons, and/or programs directly related to course outcomes
- 4) Tutoring
- 5) Any other costs that directly relates to the student's learning plan.

*Note: While costs for instruction in athletic programs (e.g. gymnastics) may be covered, season or day passes for skiing, etc. will not be covered. Stationary supplies will not be covered. Non-consumable materials (hard cover books, teachers' manuals, etc) can be used on a loan basis from WCAS for a refundable fee and must be returned in reusable condition for the fee to be refunded.

Conditions

- * Online courses: will be deducted from grant allocation. If grant allocation is already used up, then a fee must be paid in advance of use;
- * The maximum allowable for any **non-core Athletic** course is \$300 and for any **non-core Fine Arts** course is \$300.
- * WCAS will deal with third parties to provide educational services, materials, educational resources, or supplies to students and will not pay funds directly to students or the parents of students. (Government Funding policy)
- * Unused funds will not be carried over into the next academic year, nor can they be used to cover the purchase of resources intended for use in the following year.
- * If students leave the program during the school year for any reason, the cost of the program will be prorated and that amount will be charged to the student and/or parent, and any borrowed resources or equipment must be purchased or returned.

I have read the above Financial Agreement and understand my financial commitment and will immediately notify the principal if anything pertaining to this agreement changes.
