

## THE FUTURE OF WEST COAST IS BRIGHT!

Congratulations on an incredible year!

From online classes to science experiments, assemblies to reading buddies, Encounter classes, and more - you've all been superstars, shining bright with enthusiasm and dedication!

As we look ahead, a couple of exciting things are on the horizon. First, we'll bid farewell to Canvas in a few weeks and welcome a new online learning platform, Brightspace (see page 3). Your teachers are working diligently to ensure a smooth transition.

Second, B.C. Camp Meeting is happening in person this year (see page 3)! This is an incredible opportunity for us to come together in person and connect with fellow students, teachers, and friends. We can't wait to see you there and create even more wonderful memories.

Keep shining bright, and have an amazing summer filled with laughter and joy. You deserve it!

*Mrs Sutherland*

# The WCAS Bake-Off was a Hit!

Thank you to all those who participated! And congratulations to the winners!

## HOW DID YOU SPEND Mother's Day?

"For Mother's Day my dad made brunch. It was soooo good! I gave both my grandma and mother a manicure and pedicure. I also made my mom a mother's day card with my grandma's help. At the end of the day we watched a movie while we ate supper. Overall I think my mom and grandma had a very good day :)"

-Kiana

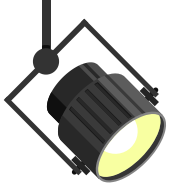

"Mother's day was great. After work I brought my mom some flowers, and I got my oldest brother to send me money to buy her a Starbucks gift card. Then I took her out to eat."

-Mikayla

### APRIL WRITING ASSIGNMENT: TAKING CARE OF MY EARTH

Final Draft

Finally, you can write a final draft of your story. Remember, your story should include at least three paragraphs with as many details as you can include.

Kharyssa (Gr2) wrote an essay on how she can take care of the earth

Pollution is harmful or poisonous to living things. There are many types of pollution. Pollution can happen when garbage is not put away properly.  
Some ways to stop pollution are:  
1. Stop littering.  
2. Pick up garbage.  
3. Put up signs.  
Pollution is very bad for the environment, people and animals so help do your part by stop littering, pick up garbage and put up signs.
